

Make it look good. Feel right. Work effortlessly.

Third-year Digital Design & Development student at Howest (Devine) in Kortrijk, Belgium, specialising in Visual Design and Experience Design. I research, design, and build. Before I found my passion in design, I competed at world level in windsurfing and cross-country skiing – competing taught me the same things good design does: **obsess over the details**, **iterate relentlessly**, and **never settle for almost right**.

EXPERIENCE & EDUCATION

- 2024–2027
Digital Design & Development (Devine)
Howest & KASK Royal Academy of Fine Arts, Belgium
- Apr 2026
